Informasjon om produkt- og prislisten

Forklaringer til kolonnene i produkt- og prislisten:

Nettopris er prisen forhandlerne betaler til leverandøren etter at eventuelle rabatter er trukket fra og før merverdiavgift er lagt til.

**Maksimal refusjonspris er prisen forhandlerne fakturerer Helfo eller Nav.
Maksimal refusjonspris beregnes slik: Nettopris + forhandlergodtgjørelse + merverdiavgift.**

I kolonnen «Endret» er det merket med * hvis det er endringer i artikkelnummer, nye produkter, leverandørkoder og/eller prisjusteringer i forhold til forrige versjon av produkt- og prislisten.

I kolonnen «Utgår salgsdato» er eventuell siste dato som forhandler kan fakturere produktet oppført.

Brystvorter, festeplater og interim/vattproteser står bak i produkt- og prislisten.
